

# KS1 Computing Knowledge Organiser

## Year 2 - Term 2 - Digital Photography

**Key Focus:** learn to recognise that different devices can be used to capture photographs and gain experience capturing, editing, and improving photos.

### **National Curriculum Objectives:**

- Use technology purposefully to create, organise, store, manipulate, and retrieve digital content
- Recognise common uses of information technology beyond school
- Use technology safely and respectfully, keeping personal information private; identify where to go for help and support when they have concerns about content or contact on the internet or other online technologies

### **Digital Photography**

- To use a digital device to take a photograph
- To make choices when taking a photograph
- To describe what makes a good photograph
- To decide how photographs can be improved
- To use tools to change an image
- To recognise that photos can be changed

### **Key vocabulary**

<b>Word</b>	<b>Meaning</b>
Photograph	A image of a person or object created by using a camera.
Image	A picture or photograph added to a document.
Resize	To change the size of an image or an object.

### **Sticky Knowledge:**

Cameras can be used to take photographs.

Images can be edited to make them better.
