

UKS2 Victorians Knowledge Organiser

Term 1

Key Enquiry Question: How has society changed during Victorian times with the impact of Industrial Revolution?

National Curriculum Objectives:

- Continuity and change – describe/make links between main events, situations and changes within and across different periods/societies
- Cause and consequence – identify and give reasons for, results of, historical events, situations, changes
- Similarity/difference – describe social, cultural religious and ethnic diversity in Britain & the wider world

Key vocabulary

Word	Meaning
Industry	A group of companies that all produce the same thing
Industrial Revolution	A time of major change in the way products were made.
Invention	A new thing that someone has made.
Typhoid	A bacterial infection that can spread throughout the body.

Sticky Knowledge / Golden Thread (hierarchy):

- The Industrial Revolution was a period of huge change in Britain between 1750 and 1900.
- Before the Industrial Revolution, Britain was a rural country, most people lived off the land with livestock.
- Coal and steam could be used to power factories which increased the amount that could be made and so the Industrial Revolution began.
- Huge factories were built and towns expanded.
- People would migrate to the towns attracted by reliable work and pay from the factories.
- Better transport links helped boost trade by transporting people and goods quickly and cheaply all across the country.
