

KS1 Computing Knowledge Organiser

Year 1 - Term 5 - Digital Writing

Key Focus: develop their understanding of the various aspects of using a computer to create and manipulate text.

National Curriculum Objectives:

- Use technology purposefully to create, organise, store, manipulate, and retrieve digital content
- Use technology safely and respectfully, keeping personal information private; identify where to go for help and support when they have concerns about content or contact on the internet or other online technologies.

Digital Writing

- To use a computer to write
- To add and remove text on a computer
- To identify that the look of text can be changed on a computer
- To make careful choices when changing text
- To explain why I used the tools that I chose
- To compare typing on a computer to writing on paper

Key vocabulary	
Word	Meaning
Word processor	A program that allows a user to create and edit text.
Text	A group of letters or words that can be typed and read.
Font	The way text looks. This can be the style or size.
Document	These can be created using a word processor. It starts as an electronic copy and can be printed onto paper using a printer.

Sticky Knowledge:

Computers can be used to write.

You can change the way text looks on a computer.

You can edit text by adding or removing parts on a computer.
