

KS1 Computing Knowledge Organiser

Year 2 - Term 5 - Digital Music

Key Focus: listen to a variety of pieces of music and consider how music can make them think and feel. Learners will compare creating music digitally and non-digitally.

National Curriculum Objectives:

- Use technology purposefully to create, organise, store, manipulate, and retrieve digital content
- Use technology safely and respectfully, keeping personal information private; identify where to go for help and support when they have concerns about content or contact on the internet or other online technologies.

Digital Music

- To say how music can make us feel
- To identify that there are patterns in music
- To experiment with sound using a computer
- To use a computer to create a musical pattern
- To create music for a purpose
- To review and refine our computer work

Key vocabulary

Word	Meaning
Audio	Any sound or noise that can be heard. Audio files can be added to a document.
Combine	Mixing text, images, audio and video within a document
Multimedia	Combining pictures, video and sound together.

Sticky Knowledge:

Computers can be used to create music.

You can change the way music sounds on a computer.

You can edit music by adding or removing parts on a computer.
